

We enable  
**sustainable buildings**  
of tomorrow

## OUR COMPANY

## OVERVIEW

Established since 1992, we are certified BCA ME05 Level 4 & SY05 Level 3 with a paid up capital of 1.5 million SGD.

We are also honoured to be recognised as an Enterprise 50 Award Winner in 2019.

## OUR VALUES

### Learn, Grow, Share.

We constantly upskill and expand our knowledge and expertise. We plan, execute and review every project to achieve constant growth, and ensure our team is duly rewarded for the results we achieve together.

## FIGURES

**27** years

**2000+** projects

**4** countries

## OUR VISION

By 2022, we envision to be a sustainable M&E and IoT company achieving 25% revenue growth in Singapore, Malaysia, Cambodia, Vietnam, Indonesia and Phillipines.

## OUR MISSION

Reduce overall building energy wastage to address climate change, through a total solution across lighting automation, mechanical & electrical works, and IoT system integration.

## SERVICES

Lighting Design & Supply

Mechanical & Electrical

Automation & Smart Solutions
